Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for the Miami-Dade County Connect to Protect - Expansion of Sanitary Sewer to Priority Areas in the Water Resources Development Act of 2022.

- The project sponsor for this project is Miami-Dade County Water and Sewer Department and the project is located in Miami-Dade County.
- The project is located in Miami-Dade County, FL including FL-26.
- The purpose of this project is to expand sanitary sewer systems to priority areas.
- The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: the removal of the septic systems realized through this project will reduce approximately 67,500 lbs. of nutrient pollution into the environment each year.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Carlos A. Gimenez
